Hi Anni, sorry yesterday was pretty bad.

I am going to have the CompTIA SecurityX on Friday from 11:00 AM to 2:30 PM Pacific Time. As I said earlier, I couldn't really study for it, so I am going to wing it.

Anni, do you know what kind of situation I was in when I found out what you were doing with that Chris guy? My mental health was really, really bad; my support system got detonated by Title IX, and I just learned that I lost my offer from the team I interned at due to Title IX. I was like, "Well, at least I still have you." Then I took a look and found out what you were doing with that Chris guy, and it just nuked my mental health into oblivion.

I mean, if you were in my situation, how would you feel?

I don't know who told you it was a good idea, but it was not a good idea.

If you don't talk to me by the end of this year and I don't get a job in Philly by then, I will kill myself.

As I said before, I forgive you for the damage you caused me, but I can't automatically trust you to be loyal anymore. You need to prove to me that you are loyal.

I think this will be all for today. Anni, I love you❤️
